

**Master Builders Conference “Partners Program Tour”
Friday 17 April**

Gardens, Crafts, Wine and Food

This tour has been created for approximately 80 – 100 people but split into two or three groups so that there are small groups touring together. This creates a wonderful small group experience at the gardens and the wineries. Then the full group comes together for a nice lunch. (By the end of the day everyone has seen the same things)

10.30am departure from the Marlborough Convention Centre

Visit the stunning Upton Oaks garden. A private home and garden rated by the NZ garden Trust as a Garden of Regional Significance. Stunning English style “Knot” gardens with formal box hedging giving a wonderful backdrop to the turn of the century homestead villa.

(Full Group) Arrive at the Drylands winery and restaurant for a fabulous wine tasting of the range of Nobile, Drylands and Selaks wines followed by a delightful 2 course lunch in the Drylands restaurant. (Choice of Entrée/Main or Main/Dessert)

The Drylands kitchen has been built as a focal point in the restaurant so that guests can watch the chef in action and learn about the fresh local produce being used. After a lovely winery lunch depart again on tour.

Arrive at Saint Clair Family Estate winery for a tasting of the range of award winning wines. Simply stunning wines!! Also a great chance to try the home made preserves, jams and chutneys produced on site at Traditional Country Preserves.

Finish the tour with a sweet treat, a tasting of divine hand made chocolates at Makana boutique chocolate factory

2.30pm Arrive back at Marlborough Convention Centre
